## ABOUT ME

With nearly three decades of professional experience as a web developer and designer, my journey began in the first days of the internet, setting the stage for a career marked by continual adaptation to dynamic shifts in technology and methodology. This adaptability has given me a very diverse skill set.

Driven by an unwavering motivation and a knack for overcoming challenges, I bring to the table not just technical expertise but also outstanding leadership, time-management, and organizational skills. I thrive in both solo and collaborative environments, maintaining an unyielding focus on the task at hand. A perpetual learner, my insatiable quest for knowledge ensures that I quickly grasp new concepts, thus continuously improving at my craft.

## WORK HISTORY

2021-2023  
DEVELOPER

**The Agency at Sikich** CHICAGO, ILLINOIS (REMOTE)

Helped with the creation and development of the Agency's web division. Mainly focused on Wordpress but with a slight focus on headless CMS (Sanity.io) use cases. Built several high traffic sites with ecommerce as well as developed custom plugins and scripts based on client needs.

2015-2021  
DEVELOPER/DESIGNER

**Twin Design Studios** DELRAY BEACH, FLORIDA

Freelance company started by my twin brother and I. We worked on various projects for a wide range of clients. Doctors, yoga studios, restaurants, and more.

2008-2015  
DEVELOPER/DESIGNER

**QEP Corporation** BOCA RATON, FLORIDA

Designed, developed and maintained the global web presence for QEP Corporation. Took the company from just 3 websites in 2008 to over 25 websites in 2015 with monthly traffic of over 50,000 unique visitors. Covering everything from custom CMS, UI/UX, Branding, server management, etc.

2006-2008  
DEVELOPER/DESIGNER

**Reagan Wireless** DEERFIELD BEACH, FLORIDA

Designed and built the company website from the ground up, giving real-time inventory of products to enable the sales team to be more effective as well as handled the weekly email newsletter which included designing and sending it.

1996-2006  
WEB DESIGNER

**Sites & Sounds** ANN ARBOR, MICHIGAN

Designed and built many different websites. Worked on the site for Cindy Margolis (at the time; the most downloaded model on the internet) as well as the one and only Al Roker. (I still have the signed book he sent to thank us!)
